

Jackson Design and Remodeling

DESIGN BUILD FIRM

Celebrating 30 years in business in 2019, Jackson Design and Remodeling (JDR) is the largest design build firm in San Diego. JDR's talented designers and architects design and build new homes, whole home remodels, additions, outdoor living spaces, kitchens, and other areas of the home. JDR has two additional divisions: Luxury Home Builders focuses on the design and build of new homes; Home Expressions brings immediacy and ease to the remodeling process for kitchens and bathrooms when no structural changes or architecture are needed. Explore the Showroom and Selection Center on JDR's Design Campus to discover ideas and be inspired!

Trending

Some of JDR's most stylish new homes and whole home remodels balance Mid-Century Modern and contemporary elements.
